***Allowable Subject Matter***

1. Claims 1-10 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

The prior art made of record fails to anticipate or make obvious the claimed invention. Specifically, the prior art fails to teach, in combination with the remaining elements:

a hotkey for generating a signal corresponding to an item of an OSD menu, a unit for causing a screen to display at least one OSD character in response to the signal and a controller for controlling a video display in response to the same signal.

Although Kurtenback et al. and Foster teach a substantial amount of the claimed matters, Kurtenback et al. and Foster fail to anticipate or render the above underline limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
